

ISAN Virtual Field Day

(31st Annual Daily Lake Day)

May 21, 2020

Name: _____

School: _____

Group: _____

Do you like ice cream? Send us your four journal drawings from the final page of this journal for a chance to win four ice cream cones from one of your local ice cream shops!

Send your drawings to:

ISAN Drawing Contest

215 E Lewis, Suite 202

Livingston, MT 59047

Produced by: Invasive Species Action Network

Fish Identification

Answer the following questions based on what you learned during the fish ID lesson:

- What type of fish were sampled today?
- Which fish are native to Montana?
- What was the method used to “fish” by the biologists?
- How is a longnose sucker’s mouth unique?
- What is Montana’s state fish?

Aquatic Macroinvertebrates

Answer the following question based on what you learned during the AMI lesson:

- How many tails does a stonefly nymph have?
- What do mayflies, stoneflies and caddisflies use for breathing?
- If you find mayflies, stoneflies, and caddisflies in your river or creek what does that tell us about the water?

Aquatic Invasive Species

Answer the following questions based on what you learned during the AIS lesson:

- How do AIS spread from place to place?
- Name three different things that AIS can "hitch hike" on
- Name three different AIS
- What three things can you do to stop the spread of AIS?

Noxious Weeds

Answer the following question based on what you learned during the Noxious Weed lesson:

- What does the term "noxious weed" mean?
- How can you help prevent the spread of weeds?
- What happens to wildlife when their habitat has become infested by noxious weeds?
- What are some common noxious weeds found in Montana?

Sketch

For a chance to win four ice cream cones from your local ice cream shop, send us your sketches! We will announce the winner on our website on June 25th and provide you with details to claim your prize.

- Sketch your favorite fish:
- Sketch something that an aquatic invasive species could hitchhike on:

Contest

Send a copy of this page to:
ISAN Drawing Contest
215 E Lewis, Suite 202
Livingston, MT 59047

- Sketch your favorite aquatic macroinvertebrate:
- Sketch a spotted knapweed plant:
